Product Bulletin

Model DC 9630 (P/N: 43103G-01)

- Lightweight Alloy headband/suspension system and swivel hinge stirrups integrate a rugged, durable design with a fully adjustable platform for personalized fit and comfort
- Leatherette head-pad and ear seals with slow-recovery 'memory' foam, coupled with an extremely lightweight and rest-on-ear headset design, affords countless hours of superior comfort
- Passive electronic design, for low-noise environments
- M-55 noise-canceling microphone ensures superior transmit clarity
- Provides superior comfort and performance over long work hours

Model DC 9690 (P/N: 43104G-03)

- Passive electronic design, for very low-noise environments
- Same as DC 9630 above, but in a single-ear design
- Leatherette temple pad, incorporated with swivel hinge design, ensures optimal fit
- Provides superior comfort and performance over long work hours

Each model is fully collapsible for easy, compact storage
