(A) legacy of aviation innovation

**HISTORY**

Since 1935 David Clark Company has taken great pride in its ability to design and manufacture quality products. From the company's early years it has been both a pioneer and leader in a wide variety of civilian and military markets. In 1975 we introduced the first noise-attenuating aviation headset models. Our trademark “green headset domes” are now known worldwide.

From the textile industry, to space suits for NASA, to the latest in aviation headsets and communication systems technology – we have strived to deliver the very best products and service to our customers.

David Clark Company's ongoing dedication and commitment to the production of quality products, backed by superior customer service, have set us apart from our competition and will continue to do so in the future.
TECHNOLOGICALLY ADVANCED INTELLIGENTLY DESIGNED
For Commercial and General Aviation Pilots

DC PRO-X

- Sleek, lightweight, supra-aural, rest-on-ear design
- Hybrid Electronic Noise Cancellation with advanced feed-forward and feed-back technology provides best-in-class active noise reduction
- Dual voice coil drivers provide fail safe operation to ensure full communication in the event of battery loss or system failure
- Digital Signal Processing (DSP) ensures high-fidelity audio for superior communications and music listening
- Bluetooth® wireless technology provides seamless integration for connecting to cell phones, MP3, tablets or other personal electronic devices
- M-55 electret microphone with enhanced noise cancelling
- Rugged yet lightweight magnesium alloy headband and suspension is adjustable for personalized fit
- Low profile, leatherette head pad with breathable, vented design eliminates ‘hot spots’
- Dura-Stitched, leatherette ear seals with slow recovery foam cradle the ears in comfort and eliminate heat buildup
- Compact, in-line control module with backlit, touch key user interface controls On/Off, Bluetooth® wireless technology and volume
- Collapsible, folding design for compact storage in David Clark headset bag (included)
- Five-year warranty

PASSIVE NOISE-ATTENUATING MODEL ALSO AVAILABLE

The DC PRO standard, passive noise attenuating headset features the same advanced technology and comfort features as the DC PRO-X (excluding Hybrid Electronic Noise Cancellation and Bluetooth).
**BEST VALUE ENC HEADSET**
- Headset is hard wired to the 9V battery module with auto shutoff feature
- In-line stereo/mono switch
- M-7A amplified electret microphone
- Passive Noise Reduction 23 dB, Active Noise Reduction 17-22 dB
- Soft, pillow head pad and undercut comfort-gel ear seals
- NSN 5965-01-447-6274

**PORTABLE ENC TECHNOLOGY**
- Headset can be unplugged from portable battery module for use with Permanent Panel Mount Module (P/N 40594G-01)
- 9-Volt battery module with auto shut-off feature
- In-line stereo/mono switch
- M-7A amplified electret microphone
- Passive Noise Reduction 23 dB, Active Noise Reduction 17-22 dB
- NSN 5965-01-447-6423
- Coil cord with single plug available for helicopter applications (P/N 40602G-02)
- Permanent Panel Mount Module available for aircraft power supply (P/N 40594G-01)

**ALSO AVAILABLE**
**H10-13XP** Same as H10-13XL headset with Permanent Panel Mount Module for accessing power from aircraft power supply.
H10-13.4

**THE STANDARD OF EXCELLENCE**

- The most popular passive noise-attenuating headset in general aviation
- Lightweight design for unmatched comfort, performance and reliability
- Expanded, super-soft head pad for added comfort
- Larger, yet lighter, undercut comfort-gel ear seals
- M-7A amplified electret microphone
- Certified Noise Reduction Rating (NRR): 23 dB
- NSN 5965-01-446-1530

**ALSO AVAILABLE**

**H10-13S** Stereo version, NSN 5965-01-447-6273
**H10-13Y** Youth version
**H10-13N** Standard with single NATO-type plug

---

**GREAT VALUE IN A TRADITIONAL DESIGN**

- Soft, air-flow pillow head pad
- Undercut comfort-gel ear seals
- Amplified dynamic M-1/DC microphone
- Certified Noise Reduction Rating (NRR): 24 dB
- NSN 5965-01-396-6216

**H10-30**

**COMFORTABLE AND CONTEMPORARY**

- Head pad suspension system for pillow-like comfort
- Large, contoured gel ear seals
- Durable construction—lightweight composite materials
- M-7A amplified electret microphone
- Certified Noise Reduction Rating (NRR): 22 dB
- NSN 5965-01-447-6438

**ALSO AVAILABLE**

**H20-10S** Stereo version

**BUILT-IN VERSATILITY**

- Interchangeable communication cord assemblies for use in fixed wing and helicopter applications (see website)
- Three-position headband pressure adjustment feature
- M-7A amplified electret microphone
- Certified Noise Reduction Rating (NRR): 23 dB
- NSN 5965-01-446-1516
THE NUMBER ONE CHOICE FOR HELICOPTER PILOTS

- Lightweight comfort and durability
- Standard 5' extended coil cord with U-174/U plug
- Universal flex boom assembly
- M-7A amplified electret microphone for clear communication
- Certified passive Noise Reduction Rating (NRR): 23 dB
- NSN 5965-01-446-1533

All David Clark Helicopter Headsets come with 5' extended coil cord and single plug.

FLIGHT-PROVEN RELIABILITY AND BEST VALUE

- Hinged wire boom for left or right microphone placement
- Standard 5' extended coil cord with U-174/U plug
- M-1/DC amplified dynamic microphone
- Certified passive Noise Reduction Rating (NRR): 24 dB
- NSN 5965-01-446-1506

QUIETS VERY NOISY HELICOPTERS

- Soft, air-flow head pad and undercut gel ear seals
- Standard 5' extended coil cord with U-174/U plug
- M-101 amplified dynamic microphone
- Certified passive Noise Reduction Rating (NRR): 27 dB (Our highest rating)
- NSN 5965-01-330-4042

HELICOPTER MODELS ALSO AVAILABLE:

- H10-26
- H10-60H
- H10-66
- H10-00 (Listen Only)
- Model 10S/H (Stereo Listen Only)

Visit www.davidclark.com for additional information on the broadest line of general aviation and helicopter headsets in the industry.

COMMUNICATION CORD PLUG ADAPTERS

David Clark Company Communication Cord Plug Adapters allow general aviation pilots to use their headsets in both fixed wing and helicopter applications, simply by adding one of these adapter cords.

P/N 182536-05

Converts a single U-174/U helicopter plug to the standard dual PJ055 & PJ068 plugs for fixed wing flying.

P/N 182536-06

Converts the standard dual fixed wing PJ055 and PJ068 plugs to a single U-174/U plug for helicopter applications.

C10-15 PUSH-TO-TALK SWITCH

The industry standard C10-15 remote push-to-talk switch is available for use in general aviation applications. This premium quality PTT Switch features double pole switch contacts to assure positive keying with no dead spots. The high-impact, molded ABS plastic housing provides maximum durability. The standard 5’ extended coil cord with plug-in connectors is shielded for positive protection from radio frequency and magnetic resonance. A high-grade hook and pile yoke strap ensures tight, secure mounting.

“Few of us consider service when we make a purchase decision. We only appreciate the value of service when we need it. When you buy from David Clark Company, you’re buying a commitment to total service. All the time. We believe “service” means much more than just repairing things. Our entire organization is dedicated to serving you. Highly qualified professionals are available to answer your questions, provide service and give you help with all your David Clark Company product needs.”
