

## Product Bulletin

### Part No. 41090G-24

### Mic Cover Kit (High Wind)

David Clark now offers the High-Wind Mic Cover Kit, compatible with all DCCI model M2 or M2H noise-cancelling microphones found on 9100 and 9900 series Headsets. Consisting of a pair of conforming foam windscreens and an outer nylon cloth cover, the kit is engineered to effectively reduce wind velocity, virtually eliminating wind noise from Digital and Wireless Intercom Systems in areas of extreme high winds.

*Model M2/M2H  
Microphone  
(not included)*

*Inner foam  
windscreen*

*Outer foam  
windscreen*

*Cloth windscreen cover,  
with zip-tie*
