

Series 3800 Vehicle Intercom System
 Footswitch,
 Remote PTT
 (Part No. 40071G-04)

40071G-04: Footswitch, Remote PTT

FEATURES AND BENEFITS

- Hands-free, radio PTT capability
- Compatible with U3810, U3814, U3815, U3815A or U3816 Radio Interface Modules
- 15' straight cord for remote radio transmit capability, w/ mating 2-pin MS-type connector for module interface
- Cast iron footswitch housing provides many years of reliability
- Positive action, momentary SPDT switch
- Non-slip foot pad helps ensure ease of actuation
- Quality materials, components and craftsmanship
- Rugged and reliable

DESCRIPTION

The Series 3800 Vehicle Intercom System is engineered to solve the problem of communicating in high-noise environments with a mobile vehicle platform. Fire apparatus, rescue vehicles, ambulances, command and control vehicles, airline deicers and paint strippers are but a few applications that currently benefit from the Series 3800 system.

The 40071G-04 provides hands-free, remote radio transmit functionality for system users interfacing through U3810, U3814, U3815, U3815A, or U3816 Radio Interface Modules.

It is an industrial grade, momentary PTT footswitch which includes a 15' straight cord length and mating MS-type connector for interface with the appropriate Series 3800 Radio Interface Module.

With a modular design, rugged and weather-resistant enclosures, and functional versatility, the Series 3800 intercom system is an ideal solution for any mobile environment requiring crisp, clear communication and effective hearing protection.

TECHNICAL DATA

Housing	Cast Iron, Black Finish
Foot Surface	Non-Skid Base Pad
Ingress Protection	IP20
PTT Switch	Momentary, SPDT
Electrical Rating	20A @ 125-250VAC
Agency Approvals	UL, CSA, CE, S+
Size (Without Cord)	1.5" x 3.5" x 4.5"
Weight	36oz./1.02kg
