**DESCRIPTION**

DC USB Headsets are designed to provide crisp, clear communications and superior comfort, ideal for UAV shelters, data vans, Command and Control vehicles and other low-noise applications.

The Model DC USB is a dual-ear, over-the-head style headset with a supra-aural design (rest-on-ear, as opposed to circum-aural), capable of affording comfort and communication clarity. It features the new M-55 electret noise-cancelling microphone, delivering superlative speech intelligibility.

Metal alloy hardware is used for a rugged, yet lightweight headset platform. Comfort features such as leatherette head-pad and ear seals with slow-recovery 'memory' foam are specifically chosen for exceptional comfort over long periods of time.

With its full feature engineering and ultra-lightweight design (8.4 oz/238g), the DC USB provides the ultimate in performance, comfort and communication clarity for a wide variety of applications.
